3	The number of vehicles on road is increasing every year. With so many vehicles, traffic jams have become a common sight in cities. Most of these vehicles release a lot of smoke. The smoke spreads in the air and causes air pollution. This makes the air unhealthy to breathe. Constant honking of vehicles in the traffic causes noise pollution.  • $\mathcal{E}(\mathcal{Q})$ Everyday, we talk to each other. We listen and write to each other. Sharing our feelings and information with each other is known as communication. Earlier , letters and telegrams were the most common means of communication and newspapers.	05
